Notice of Funding Opportunity
Victims of Crime Act (VOCA)
Law Enforcement/Prosecution Victim Assistance Program

A. Program Description

The federal Victims of Crime Act (VOCA) was passed in 1984 for the purpose of compensating and assisting victims of crime and providing funds for training and technical assistance.

ICJIA is the state agency charged with the administration of the Illinois' Victims of Crime Act Victim Assistance Formula Grant Program. This program is supported by fines and penalties levied against criminals convicted of federal crimes and allocated to states by formula by the Office for Victims of Crime of the U.S. Department of Justice. In federal fiscal year 2017, Illinois received a VOCA award of \$71,746,088 million.

VOCA grants must support the provision of direct services to victims of crime. States are required to allocate a minimum of 10 percent of funds received for services to each of the following: victims of sexual assault, domestic violence, child abuse, and underserved victims of violent crime. *VOCA funds may not be used to supplant or replace state and local funds that would otherwise be available for crime victim services and must be used to develop new projects or expand existing projects.*

The Victims of Crime Act of 1984 established the Crime Victims Fund (34 U.S.C. 20101(c)) for the purpose of creating a special mandatory spending account dedicated to helping victims of all types of crimes. Authorized by the Victims of Crime Act are:

- Children's Justice Act grants
- U.S. Attorney's victim/witness coordinators
- F.B.I. victim assistance specialists
- Federal victim notification system
- OVC discretionary grants
- State compensation formula grants
- State victim assistance formula grants
- Antiterrorism Emergency Reserve

In addition, distribution of federal funds through the Victims of Crime Act of 1984 by the Illinois Criminal Justice Information Authority is authorized by 20 Ill. Admin. Code 1520.40, stating in pertinent part that [ICJIA] will annually review Section 1404 of the Victims of Crime Act of 1984 (P.L. 98-473, effective October 12, 1984) and based on the requirements of Section 1404(a) and (b), the need for services to victims and the services available to address that need, as evidenced by oral and written comment and testimony received at public meetings conducted pursuant to the Open Meetings Act (Ill. Rev. Stat. 1983, ch. 102, par. 41 et seq.), select program priorities for each federal fiscal year."

Background

The 2017 ICJIA Ad Hoc Victim Services Committee identified 12 funding priorities¹ to guide ICJIA VOCA funding initiatives over the next three years. One priority is to increase funding for advocates and social workers within a variety of organizations to enhance immediate service access for victims. In an ICJIA survey conducted by researchers, participants consistently stated that early points of contact are critical to educating, referring, and engaging victims in services and the need for criminal justice education and advocacy services were identified across nearly every crime type examined (victims of child abuse, community violence, human trafficking, sexual assault, survivors of homicide). Research suggests few victims of serious violent crime, such as rape, aggravated assault, and robbery; receive services from a victim service provider.² Placing advocates and social workers at earlier points of contact may increase victim service awareness and utilization.

Victim advocates are trained professionals who support crime victims by providing information and referrals, emotional support, and assistance in finding resources or completing paperwork.³ Research has shown that the presence of a victim-centered advocate within medical and legal systems, including the courts, reduces insensitive and victim-blaming responses that are retraumatizing for victims and increases the number of services that a victim receives.⁴ While victim service agency and criminal justice system coordination, where service providers are located within the courts and police departments to provide support and referrals, has led to improved victim satisfaction, less is known about other victim outcomes.⁵ Beyond coordination, a victim-centered approach to services may also increase positive outcomes. A victim-centered approach to advocacy services seeks to reduce re-traumatization, address the needs of survivors, and ensure compassionate, non-judgmental service delivery, particularly in the criminal justice system.⁶ Ultimately, the victim's voice, safety, and overall well-being are the top priority in all grant-funded activities.⁷

While victims may seek help through a variety of avenues, the criminal justice system is one setting in which individuals may become aware of or access support services. In a 2010 assessment of officers' reactions to a victim service unit in a police agency, 98% of officers stated victim services were important for the community, 96% had positive experience with the advocates in their department, 77% stated advocates were well trained, and 92% said they were knowledgeable about the victim services program.⁸ This Notice of Funding Opportunity will

support the provision of advocates within law enforcement agencies and state's attorney's offices.

1. Program Design

The purpose of this Notice of Funding Opportunity is to fund direct services for victims of crime through municipal police departments, county sheriff's agencies, and county state's attorney's offices.

A crime victim is a person who has suffered physical, sexual, financial, or emotional harm as a result of the commission of a crime.

Direct services for crime victims include services described in 42 U.S.C. 10603(d)(2) and efforts that:

- (1) Respond to the emotional, psychological, or physical needs of crime victims.
- (2) Assist victims to stabilize their lives after victimization.
- (3) Assist victims to understand and participate in the criminal justice system.
- (4) Restore a measure of security and safety for the victim.

2. Program Design Requirements

Applicants must apply for funding to support Law Enforcement/Prosecution-Based Victim Assistance Program. Eligible agencies will be allowed to apply for funding for staffing, staff training, supervision of direct services, and office equipment to create or expand existing victim service programs.

All activities supported with this award must fall outside of the normal scope of any active investigation or prosecution of criminal activities; grant funds cannot be used to facilitate witness participation in criminal justice proceedings. Victim eligibility for services cannot be contingent upon participation in the criminal justice process. Services also must be made available after a victim's involvement with the criminal justice system has ended by either the applicant agency or referral to a victim service provider.

I. Law Enforcement/Prosecution-Based Victim Assistance Program

The Law Enforcement/Prosecution-Based Victim Assistance Program will fund advocate position(s) to provide direct services to victims at law enforcement agencies or states attorney's offices. Services funded under this funding opportunity must be located within the offices of the law enforcement agency or state's attorney. Victim services must be available to all crime victims, not a specific victim group (e.g. victims of domestic violence). While agencies may provide specialized advocates that have expertise in services for a particular victim group, agencies must make services available to victims of other crime types through the proposed program. Optional positions may be added to meet the needs of the victims of crime. Within the law enforcement agencies, this may be another advocate, and within the states attorney office

this optional position may be a social worker.

- **Law Enforcement Agencies:** Fund another advocate (optional): Applicant organization may use grant funds to support an additional advocate within the agency.
- **States Attorney's Offices:** Social Worker (optional): Applicant organization may use grant funds to support a social worker who will consult with the attorney(s) during the intake process, conduct assessment intervention, improve outcomes for clients receiving legal services, and extend referral services (i.e. counseling).

Victim service agencies may apply to provide services within a law enforcement agency or state's attorney's office but must submit a draft a Memorandum of Understanding (MOU) between the applicant agency and the law enforcement agency or state's attorney's office that details agency collaboration, proposed services, program location, and designated liaisons in both agencies who will coordinate program implementation and ensure program objectives are met. An MOU must be submitted to ICJIA for review prior to execution of the grant agreement. Additionally, while not required, victim service agencies may include a funded coordinator position in their applications to assist in service management and administration in conjunction with the public entity (police agency, state's attorney's office) liaison.

II. Required Activities

Advocates are required to provide crisis intervention and case management.

1. **Crisis Intervention:** Refers to victim de-escalation, emotional support, and guidance provided by advocates. May occur at the scene of a crime, immediately after a crime, or be provided on an ongoing basis.
2. **Case Management:** Refers to assisting victim(s) in identifying and achieving their needs and goals, and includes, at a minimum:
 - a) Assessment and development of a service plan to facilitate a client's progress.
 - b) Information and referral to needed services.
 - c) Advocacy that includes one or more of the following:
Assisting victims in securing rights and services from other agencies, writing a victim impact statement, completing victim compensation paperwork, or obtaining criminal or civil protection orders; intervening with employers, creditors, and others on behalf of a victim; assisting in filing for losses covered by public and private insurance programs; accompanying victims to the hospital, and other activities.
 - d) Ongoing emotional support.

3. Program Requirements

Program Staffing and Training Requirements

The applicant's completed program narrative should reflect the program requirements. The applicant is responsible for including related costs in the budget and budget narrative should funds be needed to accomplish these requirements.

Direct Service Staff: Sufficient staffing to provide the required services for all clients to be served. Staffing plan should include ability to serve clients with various levels and length of service needs.

Direct Service Staff Training: Grant-funded advocates and volunteer coordinators must be trained in victim service advocacy. Examples of eligible training include, but are not limited to, the Office of the Illinois Attorney General Victim Academy, the Illinois Coalition Against Domestic Violence 40-hour training, and the Illinois Coalition Against Sexual Assault 40-hour training.

Optional Staff Position(s):

Law Enforcement Agencies: Fund another advocate (optional): Applicant organization may use grant funds to support an additional advocate within the agency.

States Attorney's Offices: Social Worker (optional): Applicant organization may use grant funds to support a social worker who will consult with the attorney(s) during the intake process, conduct assessment intervention, improve outcomes for clients receiving legal services, and extend referral services (i.e. counseling).

Trauma awareness: At minimum, applicant must demonstrate trauma awareness, including completion of at least one training on trauma for all funded staff during the grant period. Agencies are strongly encouraged to take additional steps toward building internal capacity for engaging in trauma-informed practices, such as the development and use of trauma screening tools, policies, and practices that address compassion fatigue and self-care among staff, and the use of program assessment to gauge agency trauma readiness.

4. Goals, Objectives, and Performance Metrics

The following table depicts objectives linked to performance indicators that show progress toward the proposed program goal. Applicants are required to complete the table by entering ambitious yet realistic numbers for each objective based on the proposed program. Applicants may list additional support service objectives for the program.

Programs selected for funding will be required to submit quarterly reports on the following objectives and must identify the number of clients they aim to serve during the performance period.

All funded programs may be required to participate in a program evaluation as a condition of this award. This evaluation to understand the process of service delivery by system-based advocates and victim outcomes may be conducted by external evaluators. Programs that subcontract for specialized professionals' services must include a provision requiring evaluation participation in each subcontract.

5. Priorities

While this funding opportunity responds to several priorities established by the 2017 ICJIA Ad Hoc Victim Services Committee, it most directly addresses priority areas #2 Fundamental Need, #3 Core Services, #5 Underserved Victims, and #9 Long-term Needs.

6. Evidence-Based Programs or Practices

Applicants are strongly urged to incorporate research-based best practices into their program design. Applicants should identify the evidence-based practice being proposed for implementation, identify and discuss the evidence that shows that the practice is effective, discuss the population(s) for which this practice has been shown to be effective, and show that it is appropriate for the proposed target population.

Vicarious trauma

Adopting a trauma-informed approach may necessitate that some agencies incorporate behavioral and cultural changes that align with a trauma-informed service delivery model. Read this article for more information on trauma and different models of trauma-informed care. <https://icjia.illinois.gov/researchhub/articles/trauma-types-and-promising-approaches-to-assist-survivors>.

Part of adopting a trauma-informed approach is addressing vicarious trauma among staff. Applicants may include activities that address vicarious trauma among staff because improved staff health and well-being can result in improved services for victims of crime. For instance, an agency may hold weekly self-care groups to build staff skills through debriefing or activities that assist staff in processing and learning new skills to address vicarious trauma. Groups may incorporate yoga, instruction in new coping skills, such as breathing techniques, or may provide a space for staff to debrief on how they are impacted by the work. These groups and activities can be facilitated internally, or agencies may bring in an external facilitator. Agencies may also engage in policy and/or protocol development that prioritize staff well-being and vicarious trauma, provided their development relates to direct services or staff supervision.

B. Funding Information

1. Award period

Grant awards resulting from this opportunity will have a target period of performance of January 1, 2021, to December 31, 2021. Additional funding of up to 24 months may be awarded after the initial funding period, contingent upon satisfactory performance and availability of funds. Funding support for this program will not exceed a period of 36 months.

2. Available Funds

A total of \$2,745,000 in FFY18 and FFY19 Victims of Crime Act funding is available through this solicitation. Applicants may request a minimum of \$75,000 and a maximum of \$350,000 in grant funding.

Agreements that result from this funding opportunity are contingent upon and subject to the availability of sufficient funds.

Applications must include an Implementation Schedule that describes how the program activities will be carried out. The Implementation Schedule must include information that will allow ICJIA to assess grant activity relative to planned project performance.

C. Eligibility Information

Before applying for any grant, all entities must be registered and pre-qualified through the Grant Accountability and Transparency Act (GATA) Grantee Portal at www.grants.illinois.gov/portal. Registration and pre-qualification are required annually each state fiscal year. During pre-qualification, verifications are performed, including a check of federal SAM.gov Exclusion List and status on the Illinois Stop Payment List. The Grantee Portal will either indicate a “qualified” status or inform on how to remediate a negative verification (e.g., inactive DUNS, not in good standing with the Secretary of State). Inclusion on the SAM.gov Exclusion List cannot be remediated. Go to <https://icjia.illinois.gov/gata> for a list of pre-qualification steps.

Applicants are also required to submit a financial and administrative risk assessment utilizing an Internal Controls Questionnaire (ICQ) for state fiscal year 2021 before October 30, 2020, and obtain approval from their cognizant agencies before execution of the grant agreement. Delay in obtaining SFY21 ICQ approval will result in a delay in grant execution.

1. Eligible Applicants

Eligible applicants must meet the following requirements:

Public Agency and Nonprofit Organization. Operated by a public agency or nonprofit organization, or a combination of such organizations, and provides direct services to crime victims. Nonprofit organizations must submit proof of 501(c)(3) status as determined by the Internal Revenue Service.

Record of Effective Services. Demonstrate a record of providing effective direct services to crime victims and financial support from sources other than the Crime Victims Fund. This includes having the support and approval of its services by the community and a history of providing direct services in a cost-effective manner. New programs that have not yet demonstrated a record of providing services may be eligible for VOCA funds if they can demonstrate that a minimum of 25 percent of their financial support comes from sources other than the Crime Victims Fund in the year of, or the year preceding, the award.

Meet Program Match Requirements. Matching contributions of 20 percent (cash or in-kind) of the total costs of the VOCA project. Match must be committed for each VOCA-funded project and derived from sources other than federal funds.

Volunteers. Utilize volunteers unless ICJIA determines there is a compelling reason to waive this requirement.

Promote Community Efforts to Aid Crime Victims. Promote within the community coordinated public and private efforts to aid crime victims.

Help Crime Victims Apply for Compensation. Assist victims by identifying and notifying crime victims of the availability of compensation, referring victims to organizations that can assist them in applying, assisting victims with application forms and procedures, obtaining necessary documentation, monitoring claim status and intervening on behalf of victims with the compensation program.

Comply with Federal Rules Regulating Grants. Comply with the applicable provisions of VOCA, the VOCA Victim Assistance Program Final Rule, Office of Victims of Crime guidelines, and the requirements of the Department of Justice Grants Financial Guide and government-wide grant rules, which includes maintaining appropriate programmatic and financial records that fully disclose the amount and disposition of VOCA funds received.

Civil Rights. No person shall, on the grounds of race, color, religion, national origin, sex, age, or disability, be excluded from participation in, be denied the benefits of, be subjected to discrimination under, or denied employment in connection with any VOCA-funded program or activity.

Comply with State Criteria. Abide by any additional eligibility or service criteria as established by ICJIA including submitting statistical and programmatic information on the use and impact of VOCA funds, as requested by ICJIA.

Services to Victims of Federal Crime. Provide services to victims of federal crimes on the same basis as victims of state/local crimes.

Criminal Case. Do not discriminate against victims because they disagree with the way the state is prosecuting the criminal case.

No Charge to Victims for VOCA-Funded Services. Provide services to crime victims at no charge through the VOCA-funded program.

Confidentiality of Information. Reasonably protect the confidentiality and privacy of persons receiving services under the VOCA-funded program to the extent permitted by law, as set forth in 28 CFR 94.115.

2. Cost Sharing or Matching

A 20% match requirement will be imposed on grant funds under this program. A grant made under this program may not cover more than 80% of the total cost of the project funded. Match can be made in both cash and/or in-kind contributions. Funds, cash, or in-kind resources used as match must be spent in support of the program's goals and objectives.

In-kind match includes volunteered professional or personal services, office materials and equipment, work space and facilities, and non-program funded victim assistance activities. Any reduction or discount provided to a sub-recipient shall be valued as the difference between what the sub-recipient paid and what the provider's nominal or fair market value is for the good or service. The value placed on volunteered services must be consistent with the rate of compensation paid for similar work in the program or the labor market. The value of donated space may not exceed the fair rental value of comparable space. The value placed on loaned or donated equipment may not exceed its fair rental or market value.

To calculate the amount of match required: Total Project Costs x 20% = Match

Example:

Total Program Cost:	\$100,000
20 percent Matching Funds (\$100,000 x .20):	\$ 20,000
Federal Funds (\$100,000 x .80):	\$ 80,000

Federal guidelines prohibit use of matching funds to supplant existing funds. Refer to 28 CFR 200.306 for more information on match types and match requirements.

3. Indirect Cost Rate

In order to charge indirect costs to a grant, the applicant organization must either have an annually negotiated indirect cost rate agreement (NICRA) or elect to use a standard *de minimis* rate. There are three types of allowable indirect cost rates:

- a) Federally Negotiated Rate. Organizations that receive direct federal funding, may have an indirect cost rate that was negotiated with the Federal Cognizant Agency. Illinois will accept the federally negotiated rate.
- b) State Negotiated Rate. The organization may negotiate an indirect cost rate with the State of Illinois if they do not have a Federally Negotiated Rate. If an organization has not previously established an indirect cost rate, an indirect cost rate proposal must be submitted through the State of Illinois' centralized indirect cost rate system no later than three months after receipt of a Notice of State Award (NOSA). If an organization previously established an indirect cost rate, the organization must annually submit a new indirect cost proposal through the centralized indirect cost rate system within the earlier of: six (6) months after the close of the grantee's fiscal year; and three (3) months of the notice of award.

- c) *De Minimis Rate*. An organization that has never negotiated an indirect cost rate with the Federal Government or the State of Illinois is eligible to elect a *de minimis* rate of 10% of modified total direct cost (MTDC). Once established, the *de minimis* Rate may be used indefinitely. The State of Illinois must verify the calculation of the MTDC annually in order to accept the *de minimis* rate.

A recipient of grant funds must register its indirect cost rate election through the [Grantee Portal](#), [Crowe Activity Review System \(CARS\) system](#), or other appropriate system. It is the organization's responsibility to ensure that any indirect cost rate utilized is properly registered.

Grantees have discretion and can elect to waive payment for indirect costs. Grantees that elect to waive payments for indirect costs cannot be reimbursed for indirect costs. The organization must record an election to "Waive Indirect Costs" into the State of Illinois' centralized indirect cost rate system. Indirect Cost election must be completed annually, for every state fiscal year.

Technical difficulties should be reported immediately to ICJIA at CJA.LE.NOFOFFY19@Illinois.gov.

5. *Application Questions*

Questions may be submitted via email at CJA.LE.NOFOFFY19@Illinois.gov. The deadline for submitted questions is 11:59 p.m. on October 23, 2020. All substantive questions and responses will be posted on the ICJIA website at <https://icjia.illinois.gov/gata>. Due to the competitive nature of this solicitation, applicants may not discuss the opportunity directly with any ICJIA employee other than via this email address.

6. *Funding Restrictions*

- a) Federal Financial Guide. Applicants must follow the current edition of the Department of Justice Grants Financial Guide which details allowable and unallowable costs is available at: https://ojp.gov/financialguide/doj/pdfs/DOJ_FinancialGuide.pdf. Costs may be determined to be unallowable even if not expressly prohibited in the Federal Financial Guide.
- b) Prohibited Uses. The following is a non-exhaustive list of services, activities, goods, and other costs that cannot be supported through this NOFO:
 - Land acquisition
 - New construction
 - A renovation, lease, or any other proposed use of a building or facility that will either result in a change in its basic prior use or significantly change its size
 - Minor renovation or remodeling of a property either listed or eligible for listing on the National Register of Historic Places or located within a 100-year flood plain
 - Implementation of a new program involving the use of chemicals
 - Capital expenditures

- Fundraising activities
 - Most food and beverage costs
 - Lobbying
 - Audits (agencies receiving less than \$750,000 in cumulative federal funds)
 - Capital expenses; property losses and expenses, real estate purchases, mortgage payments, construction, and most capital improvements
 - Compensation for victims of crime
 - Crime prevention
 - Food and beverage costs
 - Fundraising activities
 - Lobbying and advocacy with respect to legislation, regulations or administrative policy
 - Most medical care costs
 - Tort or criminal defense services
 - Active investigation and prosecution of criminal activities, and witness activities
 - Research and studies, except for project evaluations
 - Salaries and expenses for management, unless expressly allowed in the VOCA Final Rule
- c) Allowable expenses. All expenses must reasonable, necessary, and allocable to the program.
- d) Pre-Award Costs. **No costs incurred before the start date of the grant agreement may be charged to awards resulting from this funding opportunity.**
- e) Pre-approvals. Prior approvals may affect project timelines. Submission of materials for ICJIA approval should be incorporated into the application Implementation Schedules. ICJIA may require prior approval of the following:
- Out-of-state travel
 - Certain Requests for Proposals, procurements, and sub-contracts
 - Conference, meeting, and training costs
- f) State Travel Guidelines. travel costs charged to ICJIA must conform to State Travel Guidelines, found here: <https://www2.illinois.gov/cms/Employees/travel/Pages/TravelReimbursement.aspx>. Out-of-state hotel rates are based on the General Service Administration (GSA) guidelines found here: <https://www.gsa.gov/travel/plan-book/per-diem-rates>. Applicant agencies with lower cost travel guidelines than the State of Illinois must use those lower rates.
- g) Supplanting. Supplanting is to deliberately reduce state or local funds because of the existence of federal funds. Supplanting rules do not apply to not-for-profit agencies.

Federal funds must be used to supplement existing state and local funds for program activities and must not replace those funds that have been appropriated for the same purpose. Supplanting will be the subject of application review, as well as pre-award review, post-award monitoring, and audit. If there is a potential presence of supplanting, the applicant or grantee will be required to supply documentation demonstrating that the reduction in non-federal resources occurred for reasons other than the receipt or expected receipt of federal funds. For certain programs, a written certification may be requested by the awarding agency or recipient agency stating that federal funds will not be used to supplant state or local funds.

If funds will be used for the expansion of an already implemented program, applicants must explain how proposed activities will supplement—not supplant—current program activities and staff positions.

- h) Proposed Sub awards and Subcontracts. Applicants may propose to enter into sub awards or subcontracts under this award, each of which involve different rules and applicant responsibilities. A sub award carries out a portion of the grant agreement while a contract is often for obtaining goods and services for the grantee's own use. (44 Ill. Admin Code 7000.240). If a third party will provide some of the essential services or develop or modify a product that the applicant has committed to provide or produce, ICJIA may consider the agreement with the third party a sub award for purposes of grant administration.

Applicants must classify each expense in the contractual budget as a sub award or subcontract. The substance of the agreement, not the title or structure of the agreement, will determine whether it is a sub award or a subcontract. Applicants are advised to use the “Checklist for Contractor/Sub recipient Determinations” available at the GATA Resource Library for guidance:

<https://www.illinois.gov/sites/gata/pages/resourcelibrary.aspx>.

Applicants are required to justify their use of sub awards and explain their capacity to serve as “pass-through” entities in the program narrative. Applicants will monitor sub award compliance with grant terms, applicable federal and state law including the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Award, 2 C.F.R. Part 200, GATA, and ICJIA policies. Proposed sub awards must be identified, if possible, and their roles described in both the program and budget narratives.

For procurement contracts, applicants are encouraged to promote free and open competition in awarding contracts. All subcontracts must comply with federal and state requirements.

2. Review and Selection Process

Proposals will be reviewed by a panel of ICJIA staff and key stakeholders with expertise in victim services. Proposal selection will be made using the previously described scoring criteria. If possible, ICJIA will fund the highest scoring applicant in each geographic region before funding successive applicants.

For the purposes of this NOFO, funding will be targeted in these six geographic regions: Central, Collar (DuPage, Kane, Lake, Will), Cook County, Northern, Southern, and Multi-Regional (proposed service area includes more than one region.) (*Appendix A*).

After applicants are selected from each region, reviewers will consider each applicant's overall scoring, with secondary consideration given to geographic diversity and proposed program design. Applicants with equivalent scores will be selected based on scores in the proposed program design category.

All applications will be screened for completeness including GATA pre-qualification and ICQ submission for the current state fiscal year. Applications that are not complete will not be reviewed. Applications received from applicants that are not GATA pre-qualified or have not submitted an ICQ for the current state fiscal year will not be reviewed.

ICJIA reserves the right to reject incomplete proposals, proposals that include unallowable activities, proposals that do not meet eligibility or program requirements, and proposals that are otherwise unsatisfactory. ICJIA may invite applicants to answer clarifying questions and modify budgets that include unallowable or unreasonable costs. NOFO application budgets will be reviewed for allowability, completeness, and cost-effectiveness. ICJIA will perform an in-depth budget review of all grants awarded and may require budget modifications that do not materially change the nature of the program.

Successful applicants whose applications contained unallowable or unreasonable costs may have their awards reduced by the total amount of those costs. Upon applicant acceptance of the grant award, announcement of the grant award shall be published by ICJIA to the GATA portal. Review team recommendations will be forwarded to Budget Committee for approval. Applicants will be notified of the Budget Committee's decision.

3. Programmatic Risk Assessment

All applicant agencies recommended for funding will be required to submit a completed ICJIA Programmatic Risk Assessment (PRA). This assessment will identify elements of fiscal and administrative risk at the program level and will be used to determine required specific conditions to the interagency agreement. The PRA must be completed for the program agency which carries out the program operations. PRAs completed for other state agencies will not be accepted.

Implementing Agency vs. Program Agency

An implementing agency is the legal entity that receives state funds, such as a county.

A program agency:

- Is a subdivision of the implementing agency, such as a county probation department.
- Carries out program operations.
- Is responsible for data and fiscal reporting.

H. Other Information

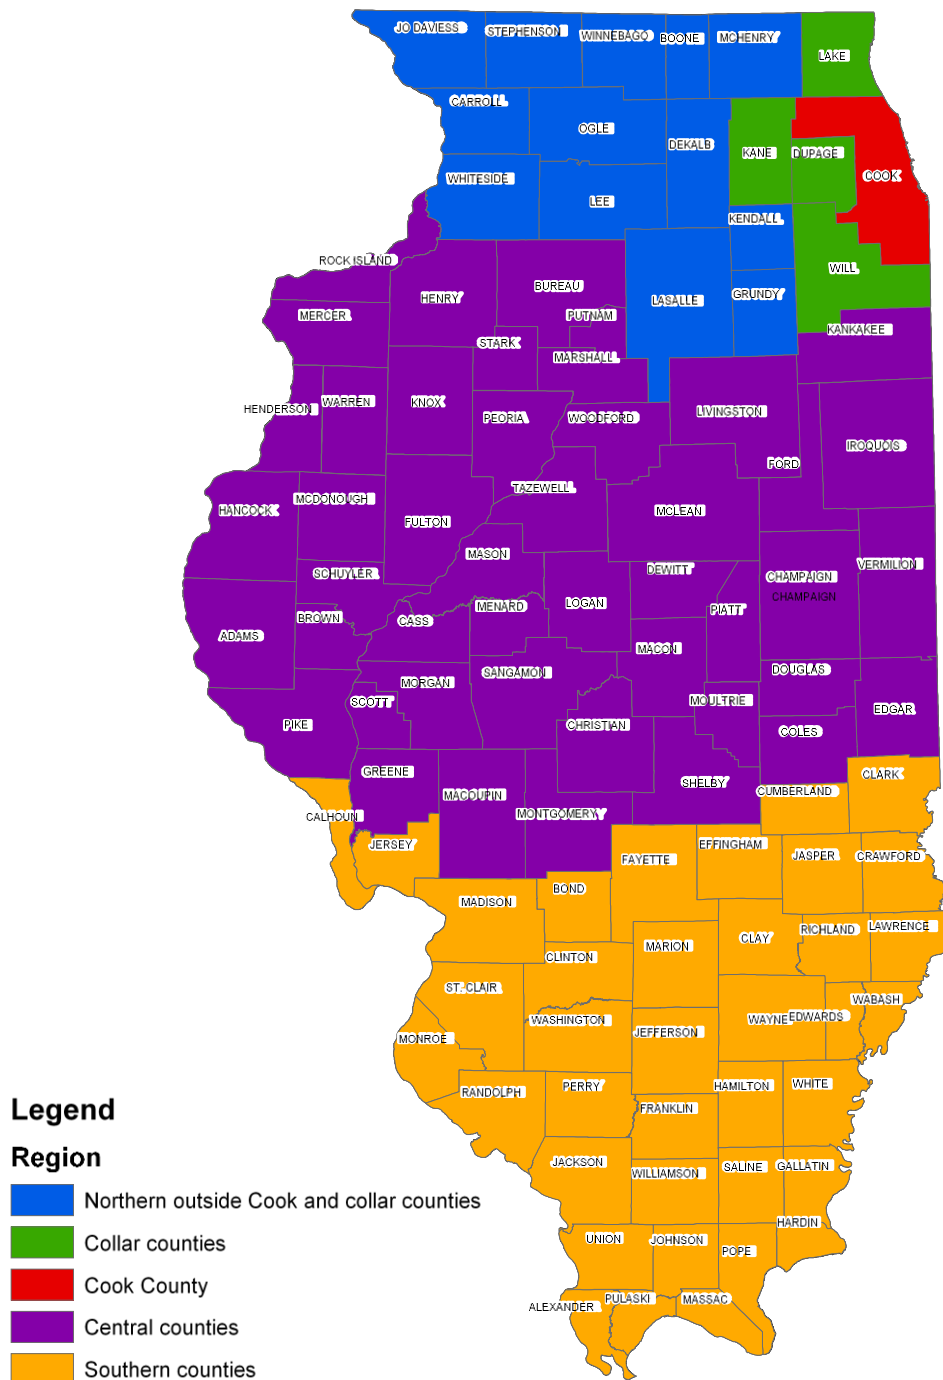

The Illinois Criminal Justice Information Authority (ICJIA) is a state agency dedicated to improving the administration of criminal justice. ICJIA brings together key leaders from the justice system and the public to identify critical issues facing the criminal justice system in Illinois, and to propose and evaluate policies, programs, and legislation that address those issues. The statutory responsibilities of ICJIA fit into four areas: grants administration; research and analysis; policy and planning; and information systems and technology.

Section 7 of the Illinois Criminal Justice Information Act grants ICJIA authority “to apply for, receive, establish priorities for, allocate, disburse, and spend grants of funds that are made available by and received on or after January 1, 1983 from private sources or from the United States pursuant to the federal Crime Control Act of 1973, as amended, and similar federal legislation, and to enter into agreements with the United States government to further the purposes of this Act, or as may be required as a condition of obtaining federal funds” and “to receive, expend, and account for such funds of the State of Illinois as may be made available to further the purposes of this Act.” (20 ILCS 3930/7(k), (l))

Neither the State of Illinois nor ICJIA are obligated to make any award as a result of this announcement. The ICJIA Executive Director or designee has sole authority to bind ICJIA to the expenditure of funds through the execution of grant agreements.

This application is subject to the Illinois Freedom of Information Act (FOIA). Any information that the applicant believes should be exempt under FOIA should clearly highlight the information that is exempt, and the basis of the exemption.

Regions represent the divisions of the U.S. District Courts of Illinois. Cook and Collar county regions are subsets of the Northern U.S. Courts of Illinois.
